🔗 Project Portfolio

### 👤 Profile

Versatile Full Stack Developer with 1.5 years of experience building web and mobile apps using MERN stack and React Native. Skilled in creating scalable, user-friendly solutions and optimizing performance. Strong problem-solver with a collaborative mindset, focused on delivering impactful projects and exceptional user experiences.

### 🏢 Professional Experience

#### SOFTWARE DEVELOPER

Rejolut Technology Solutions Private Limited

Oct 2023 – present  
Navi Mumbai

#### Key Contributions:-

- Designed and developed the app wireframe using **React Native** with animations and gestures for a dynamic and intuitive UI/UX.
- Built messaging features (single and group chats, media sharing, voice notes, mentions, reactions) using **Socket.IO** with a queue mechanism for smooth message delivery.
- Implemented real-time calling functionality with **MediaSoup** and notifications using **Notifee**, **Firebase**, and **VoIP**.
- Collaborated closely with the backend team to ensure seamless integration of all features and efficient data flow.
- Optimized app performance for faster load times and a smoother user experience, even under high usage.
- Demonstrated strong teamwork, responsibility, and the ability to deliver high-quality results under tight deadlines.
- Proactively solved challenges and ensured the successful deployment of a reliable, user-friendly application.

### 🧠 Skills

#### Technical Skills

- Frontend:** JavaScript, TypeScript, React.js, React Native, Redux, HTML, CSS, SASS, Tailwind CSS, Chakra UI, Material UI.
- Backend:** Node.js, Express.js, MongoDB, MySQL.
- Databases:** MongoDB, MySQL, Watermelon DB.
- Other Expertise:** Data Structures, Algorithms, RESTful API Development, Socket.io, MediaSoup, Notifee, VoIP, Firebase.

#### Professional Skills

- Critical Thinking | Problem-solving
- Attention to Detail
- Time Management
- Effective Communication
- Team Leading

### 📁 Projects

#### CLONE OF BOOKING.COM 📄

**Reserve Now** is a travel e-commerce platform clone inspired by Booking.com, offering seamless flight ticket bookings with essential user and admin dashboards, and features like search, sort, filter, pagination, location interchange, and hassle-free booking and payment options.

**Tech Stack:** React | Chakra UI | JavaScript | HTML | CSS

An Individual Project built in 5 days

#### PREPAI 📄

**PrepAI** is an AI-powered self-interview preparation platform designed to help job seekers master their interview skills. It features a chat UI with speech-to-text, OpenAI integration for conversational interviews with feedback, and a dashboard to track past interviews, feedback, and scores.

**Tech Stack:** React | Tailwind | Node.js | Express | MongoDB

A collaborative project built by a team of 5 developers in 2 days.

### 🎓 Education

Full Stack Web Development Program  
Masai School

Nov 2022 – Aug 2023  
Bengaluru

Bachelor of Commerce  
K. J. Somaiya College of Arts and Commerce

Aug 2016 – Apr 2019  
Mumbai

### 🏆 ACHIEVEMENTS

- Recognized as the **Top Performer** in Advanced JavaScript, Data Structures, and Node.js at Masai School.
- Selected among the top 30 students for **Special Projects** at Masai School.
- Received the **Best Individual Project** award in React.js development and led a team to win the **Best Project** in Advanced JavaScript at Masai School, demonstrating exceptional technical expertise, leadership, and teamwork skills.
